➤ *June – Aug 2002; Jan 2003 –April 2004*

Research Analyst, **National Council of Applied Economic Research (NCAER)**

Quantitative and Qualitative Research on the following projects:

Rural Infrastructure in India (Sir Ratan Tata Trust project): Objective - To assess the current status of Indian rural infrastructure in order to identify 'gaps' in infrastructure availability and access. The study also makes policy recommendations to bridge these gaps.

- Multivariate Analyses of primary data to estimate demand for infrastructure using econometric modeling techniques
- Projections for the investment available and required for full coverage for the next five years
- Analyses on several case studies

Rural Access to Finance (World Bank project): Objective – To assess the significance of the current central government programmes relating to provision of rural finance. The study quantifies and delineates the structure of the formal rural financial system in the states of Andhra Pradesh and Uttar Pradesh.

- Construction and pre-testing of the questionnaire for the survey
- Quantitative and qualitative analysis of primary data

Domestic Tourism Study (Ministry of Tourism and Culture, Government of India project): Objective – To estimate the total number of domestic tourists and their expenditure behaviour to develop a Tourism Satellite Account (TSA) for India.

- Report outlining the empirical evidence for domestic tourist behaviour in India over the year 2002
- Literature review on economic measurement of tourism
- Worked on a research paper titled “Estimating Domestic Tourism Expenditure in Developing Economies: Lessons from India” for the Enzo Paci papers of the World Tourism Organization

The Indian Hotel Industry: Objective – An Assessment of prospects for the hotel industry (as a subset of the report on ‘A Review and Forecasts for the Indian Economy’).

- Forecasted gross value added for the hotel industry by using a multivariate econometric model

➤ *July – Dec, 2003*

Lecturer, **Lady Shri Ram College for Women**, Delhi University - Taught a course on ‘Economic Development and Planning in India’ to students pursuing the bachelors degree programme.

➤ *Sep – Dec, 2002*

Research Analyst, Economic Affairs and WTO Divisions, **The Associated Chambers of Commerce and Industry of India (ASSOCHAM)**

- Research papers titled:
 - Indian Economy at the Crossroads
 - 10th Five Year Plan: A Reality Check
 - Indian Textile Industry- Roadmap for 2005
- Qualitative analysis of the WTO Antidumping Agreement (ADA) and the Agreement on Subsidies and Countervailing Measures (ASCM) with particular emphasis on issues for negotiation for India.

- Co-ordinator, seminars on ‘Indian Textile Industry: Challenges and Opportunities for the Post MFA Era’, and ‘MPs Meet on the Issue of Clinical Trials’

➤ *May – June, 2001*

Intern, Marketing Wing, **Pepsi Foods Limited**

Market Research projects with the Corporate Office of Pepsi

- Analyzed feedback on brand positioning of *Slice* based on primary data and made recommendations on the promotion strategy for the brand *Slice*
- Conducted an analysis to compare market shares of *Slice* with *Maaza* and *Frooti* brands. This identified the shortcomings of the existing retail distribution network and areas where new markets could be tapped

➤ **Publications**

Contributed an article ‘Things to Learn from a Neighbour’, in The Economic Times, June 28, 2003; Article published also in Macro Track, a monthly publication of NCAER

Project Work

Term paper on testing the significance of the “Export Led Growth Hypothesis” as a part of the course in Time Series Analysis. The objective of the study was to examine the causal relationship between export growth and economic growth for India for the period 1975-1999 using the Multivariate Vector Error Correction framework

Skill Set and Knowledge Base

- Quantitative and qualitative analytical skills, good writing and interpersonal skills
- Working Knowledge of Econometric Software Packages- Stata, Eviews and Shazam
- Delhi School of Economics curriculum:
 - **Core Courses** – Introductory Econometrics, Microeconomics, Mathematical Economics, Macroeconomics, Comparative Development, Economic Development and Policy in India
