NAAC ACCREDITED 'A++' GRADE COLLEGE

2026-2027

Name of the Event: Panel Discussions with Regional/National Startup Ecosystem Enablers

Organised by: Institution's Innovation Council (IIC), Lumen, SLC Hansraj College, University of Delhi, Delhi & IOPC

Date of the Event: 26th August, 2026

Duration/Event Timing: 1:00 AM onwards

Venue of the Event: Online Mode

Name of the Event Convener: Dr. Yogesh Kumar

Name of the IIC Convener: Dr. Ambika

Event Description (About 250 Words):

Hansraj College, University of Delhi, under the aegis of the Institution's Innovation Council (IIC) and associated bodies, organized an expert session titled "*Panel Discussions with Regional/National Startup Ecosystem Enablers*" on **August 26, 2026**. The event featured **Mr. Jatin Khera**, Head of Operations at Intellectle, Senior Product Engineer, Intrapreneur, Entrepreneur, Technologist, and IP Practitioner, who shared valuable insights into the evolving startup ecosystem in India.

The session commenced at 11:00 AM via Google Meet and witnessed enthusiastic participation from faculty members, students, and innovators. A total of **58 participants actively engaged** throughout the discussion, posing questions, sharing perspectives, and interacting directly with the speaker. Their involvement highlighted the growing interest in entrepreneurship and innovation among young minds.

Mr. Khera emphasized the importance of resilience, adaptability, and intellectual property awareness in building sustainable ventures. He also shared practical experiences from his professional journey, offering participants a roadmap to navigate challenges in the startup landscape. The interactive nature of the session allowed attendees to clarify doubts, explore opportunities, and gain exposure to real-world strategies.

The event was coordinated by the Department of Physics & Electronics, Lumen & Student Learning Center, Hansraj College, in collaboration with the Interdisciplinary Organization of Physics Collaborators (IOPC). Faculty conveners and coordinators ensured smooth organization and effective communication.

Overall, the session proved highly enriching, fostering entrepreneurial spirit and motivating students to contribute actively to the innovation ecosystem.

STUDENT PRIMER - 53
Short forms you'll take at home from this stage today
FIRST recognition
Certificate that says your company exists as a startup.
Prior art
Everything already published, anywhere. If it's in there, you can't patent it.
Provisional application
A cheap, easy filing. Shows your idea, gives you 12 months to decide.
FTO
Freedom to Operate — checking your product doesn't break someone else's patent.
TRL
Technology Readiness Level, 1-9. A 10 shows it's a working product in R.

Seedstage recognition
An incubator gives space and time. An accelerator gives a deadline and a money shot.
TTO
Technology Transfer Office — business is university's immediate to companies.
ASP
Alternative Investment Panel — fund invests investment money, makes decisions.
Deep tech
Companies build on hard science or engineering. Biotech and quantum fit here.
Seed Funding
The first outside money — usually to build the product, test to prove it.

STUDENT PRIMER - 51
How an idea becomes a company
An "idea" is simply a group of ideas you're trying to solve for the world.

1 Idea
You create a problem and use a way to solve it.
WHO HELPS
College of Arts, Sciences, Engineering

2 Prototype
Something that works, even badly. Most will not improve.
WHO HELPS
College incubators, AICs

3 Company
You register a company — the legal entity that owns the idea.
WHO HELPS
FIRST recognition

4 Money
Resources needed. But only if you can show the world it's really yours.
WHO HELPS
Seed funding, the VC fund

5 Customers
Someone else says "I agree to get this thing."
WHO HELPS
Industry leaders, sales, and marketing

Very few people move on to stage 5. Getting stuck between 2 and 3 is normal. Most fail here.

FIRST is supported by the Ministry of Education and National Funds. FIRST is not a startup fund. FIRST is a research, innovation and entrepreneurship platform. FIRST is a platform for research, innovation and entrepreneurship.
