NAAC ACCREDITED 'A++' GRADE COLLEGE

2024-2025

Name of the Event: GeoRisk 2025- A Conference on Natural Hazard Risk Management

Organised by: Center for Disaster Preparedness, Recovery & Research (CDPRR) and Hansraj College as strategic partner

Date of the Event: February 15, 2025

Duration/Event Timing: 10 AM to 5 PM

Venue of the Event: India Habitat Centre, New Delhi

Name of Coordinator(s): Dr Pooja Jha Maity

Name of Convener: Prof. Vijay Rani Rajpal and Shri Rakesh Jha (CDPRR)

Event Description (About 250 Words)

GeoRisk 2025, a prestigious conference dedicated to addressing the critical challenges posed by Glacial Lake Outburst Floods (GLOFs), earthquakes, and landslides, was successfully held on February 15, 2025, at the India Habitat Centre, New Delhi. Organized by the Center for Disaster Preparedness, Recovery & Research (CDPRR) in collaboration with multiple stakeholders, Hansraj College played a crucial role as a strategic partner, reinforcing its commitment to disaster resilience and risk management.

The conference aimed to bring together experts, policymakers, researchers, and practitioners to foster discussions on multi-hazard risk mitigation, resilience-building, and sustainable solutions for disaster preparedness. The sessions provided a comprehensive view of geospatial technologies, engineering innovations, and policy interventions to minimize disaster risks, especially in vulnerable regions like the Himalayas. The event commenced with a welcome address by Prof. Vijay Rani Rajpal (Vice Principal, Hansraj College), emphasizing the role of academic institutions in disaster research and policy advocacy. The inaugural session featured distinguished speakers, Dr. Debolina Kundu, Director, NIUA, who highlighted urban resilience strategies, Dr. OP Mishra, Director, National Centre for Seismology, discussing seismic

NAAC ACCREDITED 'A++' GRADE COLLEGE

risks and mitigation, and Shri Vivek Srivastava (IPS), Director General, Fire Services, addressing disaster response mechanisms.

Plenary Session: Multi-Hazard Risk Mitigation

Moderated by Dr. Surya Prakash, this session explored environmental on sequences of GLOFs and landslides, earthquake-resistant infrastructure, and geospatial risk assessment. Experts Dr. Sandeep Singh (IIT Roorkee) and Dr. P.K. Joshi (JNU) presented innovative research on GIS-based early warning systems and seismic hazard analysis.

Panel Discussion: Strengthening Disaster Resilience

Led by Prof. S.K. Singh (CSIR-CBRI, Roorkee), the panel delved into community-based disaster preparedness, hydrological modeling, and emergency medical response. Speakers, including Col. Sanjay Srivastava (CROPC) and Dr. Naresh Rana (Delhi University), emphasized data-driven decision-making and localized risk assessment methodologies.

Technical Workshop: Tools & Technologies for Risk Assessment

This session, chaired by Dr. Aniruddha Roy (Genesys International), featured discussions on remote sensing, 3D mapping, AI-driven disaster modeling, and drone technology for rapid response. Experts demonstrated how customized GIS platforms can enhance real-time visualization and analysis of GLOF threats.

Impact and Takeaways

GeoRisk 2025 facilitated cross-disciplinary collaboration, equipping participants with cutting-edge knowledge on disaster mitigation strategies. The event underscored the importance of integrating scientific research with policy-making, reinforcing the need for early warning systems, infrastructure resilience, and sustainable risk management practices.

As a strategic partner, Hansraj College reaffirmed its academic and research leadership in the field of disaster resilience and environmental sustainability. The conference concluded with a Vote of Thanks by Shri Rakesh Jha (CDPRR), acknowledging the active participation of experts, institutions, and students in shaping the future of disaster preparedness.
