## Internship Opportunity in Environmental Research and Conservation

**पंचभूत:** The Interdisciplinary Centre for Environmental Research and Development, Hansraj College announces Summer Internships for Undergraduate and Postgraduate Students from all backgrounds (Biological Sciences, Physical Sciences, Earth and Environmental Science, Humanities, Arts and Social Sciences).

Internship Period: 3 months in house, however students can continue with their projects offline after 3 months as well (platform shall be provided by the Centre).

Criteria for selection: Students who want to work towards achievement of SDGs.

1. Five students from college and five from other institutes will be enrolled. The team will have students from all backgrounds.
2. The interns will be given full freedom to explore the ideas, decide on the projects that are driven by their own initiatives and create an impact on the environment. We wish to focus on Sustainable Development Goals.

Focal Theme: Climate Change, Consumerism, Pollution mitigation and Biodiversity Conservation.

We will help you chart your projects and guide you to achieve your goals.

Certificates of Internships shall be provided to you after your project completion and some tangible outcome.

Please fill the form through this link: <https://forms.gle/rJiJeGjmJ5qjhHke9> and submit by May, 30, 2023.
