

2020-2021

Name of the Department/Society: Shristi Chetna

Name of the Event 2: "Dragonflies and Humans webinar"

Date of the Event: 23rd January, 2021

Shrishti Chetna in collaboration with WWF India, Indian Dragonfly Society and BNHS India organized a webinar on the topic "Dragonflies and Humans" on 23rd January, 2021. World Wide Fund for Nature (WWF India), in collaboration with Bombay Natural History Society (BNHS) launched the 3rd edition of Dragonfly Festival 2020. The pan-India festival dedicated to dragonflies, aims to create awareness for the conservation of these insects. The webinar aimed to educate and inform the students about the integral role that dragonflies, and their lesser known sibling's damselflies, play in our environment. The aim of the webinar was also to create a connection between the common man and these beautiful creatures. Through the 2 years of this festival numerous field visits with experts have been organised and in 2018 dragonfly count was conducted by WWF India and BNHS and total of 27 species were recorded in Delhi, 5 of which were rare sightings. The webinar included a fascinating and interactive talk by WWF volunteers, question answer session with the students, a prize winning competition on Photography, Art, Storytelling, Quizzes, and much more. The webinar ended, leaving everyone with a connection with a very unique insect, dragonflies.

WWF 50th Anniversary | HANSRAJ COLLEGE - University of Delhi | Indian Dragonfly Society | BNHS India

Srishti Chetna - Hansraj College
In collaboration with
