Event Description (About 250 Words)

The 5th World Environment Summit (WES) 2024, organized by the Environment and Social Development Association (ESDA) in collaboration with Hansraj College, took place from November 16th to 18th, 2024, at the NDMC Convention Centre, New Delhi, and Hansraj College, University of Delhi. This hybrid-mode event provided a

significant platform for experts, policymakers, and environmentalists to engage in discussions on pressing global environmental challenges.

Supported by the Ministry of Environment, Forest and Climate Change (MoEFCC) and the Ministry of Health and Family Welfare, the summit focused on themes such as sustainable development, climate change mitigation, biodiversity conservation, pollution control, and community resilience. Its primary objective was to promote actionable solutions for environmental sustainability in alignment with the Sustainable Development Goals (SDGs) and the Paris Agreement.

Notable partners included Dr. Bhim Rao Ambedkar College, University of Delhi; Hansraj College; Amity University Haryana; GD Goenka University Gurugram; RCCV Girls College Ghaziabad; HESCO Dehradun; UN Environment; Villa College Maldives; Tribhuvan University, Kathmandu, Nepal; and the Zoological Society of Bangladesh.

Distinguished speakers and delegates from multiple countries participated, including experts from Villa College Maldives, Tribhuvan University Nepal, and the Zoological Society of Bangladesh. Various workshops, paper presentations, and panel discussions explored innovative approaches in renewable energy, waste management, and environmental biotechnology. The event also featured an ICMR-funded workshop on statistical methodologies for biomedical research, emphasizing interdisciplinary collaboration.

A highlight of the summit was the ESDA Green Awards ceremony, which recognized individuals and organizations for exceptional contributions to environmental sustainability. Award categories included the ESDA Lifetime Achievement Award, Green Leadership Award, and Young Scientist Award. The summit drew participation from a diverse range of attendees, including academicians, scientists, medical professionals, policymakers, research scholars, environmentalists, educationists, journalists, social activists, civil societies, industrial representatives, and students from across the globe.

An outstanding response was received, with 527 abstracts and 117 full-length papers submitted from 22 Indian states and 10 foreign countries. After expert review, 312 abstracts were selected. The total participation of the summit was 1294, including 747 registered participants (318 physical, 426 virtual), 160 workshop attendees, 260 volunteers, and 130 faculties and speakers.

The summit featured 19 technical sessions, over 100 oral paper presentations, 4 plenary sessions, 3 ICMR workshop sessions, and 2 poster presentation sessions. Eminent speakers and guests included the Honorable Union Minister of Agriculture, Government of India; the Honorable Minister of Fisheries and Ocean Development, Maldives; and distinguished justices, chancellors, vice chancellors, and directors from esteemed institutions.

The summit concluded with key recommendations emphasizing policy interventions, scientific collaboration, and community engagement for sustainable development. The successful execution of WES 2024 reaffirmed ESDA's commitment to global environmental stewardship, fostering a collaborative approach towards a greener future. Participants were awarded certificates, and the event received highly positive feedback for its comprehensive coverage and global participation.
