IFSA Hansraj annually organizes an **Intra IFSA Case Competition**, a prestigious event that brings together all IFSA members for a unique intellectual challenge. In this competition, participants are grouped into teams of four, where they are tasked with analyzing and presenting solutions for a **complex Merger and Acquisition (M&A) case**.

This year's competition focused on the intricacies of an M&A scenario, demanding that students collaboratively brainstorm and develop comprehensive strategies to address the presented problem. The teams are required to **synthesize their insights, findings, and recommendations into a professional PowerPoint presentation**, ensuring that their proposed solutions are presented in a clear, concise, and persuasive manner.

The culminating stage of the competition involves each team delivering their presentations in front of a panel of esteemed judges. These judges, often comprised of experienced professionals in the finance and business sectors, evaluate the teams based on various criteria, **including the quality of their analysis, the originality of their recommendations, their ability to articulate their ideas effectively, and the overall professionalism of their presentations**.

Following the presentations, the judges deliberate to determine the winners of the competition. These winning teams are selected based on their exceptional performance, innovative strategies, and the overall excellence of their presentations.

The Intra IFSA Case Competition serves as a platform for IFSA members to showcase their analytical skills, strategic thinking, and presentation prowess. It not only fosters healthy competition but also promotes **collaborative learning and networking opportunities** within the IFSA community.
