Description:

The B.A. Programme Society of Hansraj College successfully organised a speaker session on the topic “Overcoming Maths Phobia: Building Confidence for Government Exams” on 3 March, 2025. The session was conducted by Mr. Gagan Pratap, a renowned mathematics educator whose lectures have helped thousands of students crack competitive examinations. He also runs his own institution and has reached a wide audience through his online platforms.

The event commenced with the ceremonial lamp lighting along with Saraswati Vandana, followed by the felicitation of the speaker by the Society Convener, Dr. Santosh Hasnu, and Society President Adarsh Kumar Kherol with a memento and a tulsi plant as a gesture of respect and gratitude.

During the session, Mr. Gagan Pratap discussed various approaches to tackling mathematics in competitive exams and highlighted the most frequently asked topics. He also guided students on the differences between private sector jobs, government jobs, and entrepreneurship, emphasising the unique skills and mindsets required for each path.

The session was highly interactive, with students eagerly participating and asking questions to clarify their doubts. Many queries were raised by freshers, and the speaker provided clear guidance on effective preparation strategies. He patiently addressed all questions and appreciated the students for their enthusiasm and knowledge despite being in the early stages of their academic journey.
