

2021-2022

Name of the Department/Society: Culinary Arts

Name of the Event 2: Enigma

Date of the Event: 9th March and 11th March 2022

Culinary Arts Society's first event after the reopening of colleges, ENIGMA 2022, was an extremely well-received treasure hunt based in North Campus. The murder-mystery plot left the participants wanting for more as they tried to solve the clues leading to the unveiling of the real murderer. The event forced the participants into racking their brains to solve the problems where the solution was always at an arm's length. The participants hunted the unprecedented treasures around the North Campus hub in search of hints following a gripping storyline. The most enthralling treasure hunt in the spring season, this action-packed event was a huge success.
