**Date of the Event: 04<sup>th</sup> -05<sup>th</sup> March 2021**

The Quaranteam chronicles, was an online treasure hunt organised by the society to break the monotony of the audience amidst quarantine.

The witty participants had to sail through a sea of mysteries and clues were the only way out. The mind game along with the unusual online scenario had put the participants under tremendous pressure. It witnessed over 200 teams competing in the first round, out of which around 15 teams managed to get to the second round. The team which managed to sail swiftly through different platforms, emerged as the winner. The winners received exciting prizes worth 10k!

It was the first of its kind and was a huge success in terms of both participation and audience engagement.
