## NAAC ACCREDITED 'A++' GRADE COLLEGE

### Introduction:

The Social Innovation Team at Enactus conducted an inspiring drive focused on "Environmental Awareness" at SK Children's Foundation in Janakpuri. This report provides an overview of our visit, interactions with the children, and the profound impact it had on our team.

### Session Highlights:

**Introduction and Warm Greetings:** The day commenced with warm greetings and introductions to the children at SK Children's Foundation. Our team of social innovators felt a sense of anticipation and excitement as we embarked on this mission to raise environmental awareness.

**Interactions with Inquisitive Minds:** One of the most enlightening aspects of the drive was the interactions we had with the children. We were pleasantly surprised by the level of curiosity and intelligence exhibited by these young minds. Their questions and enthusiasm demonstrated their genuine interest in the environment and its conservation.

**Coloring Session:** After the initial introduction, the kids enthusiastically participated in an engaging coloring session. Observing the children fully engrossed in the coloring activity was a truly inspiring scene, underscoring the significance of hands-on learning and creativity in educational endeavors.

**Gratitude to Enactus:** During the drive, we collectively expressed our gratitude to Enactus for providing us with the opportunity to be part of such meaningful initiatives. These experiences not only expand our skill sets but also fill our hearts with joy, knowing that we are making a positive impact in the lives of those we serve.

**Focus on Impact:** As we engaged with the children and shared our knowledge about environmental awareness, it became clear that the true measure of our efforts is the impact we create. Every interaction and lesson imparted holds the potential to shape their understanding and behavior towards environmental sustainability.
