Project Mowgli we don't want to be animal voices because we know they already have one , one want to listen and comprehend them . With our goals of asserting rescues , eliminating human animal conflict for wildlife conservation , providing direct support to local animals and installing public education about animals we anticipate a prosperous future ahead.

Mowgli aims directly to engage and address visible conflicts by holding vaccination drives , sterilization campaigns , emergency rescue planning , and providing food and shelter to animals in vicinity of their camps.
