Name of the Department/Society: MarkUs

Name of the Event 1: Jamboree Education

Date of the Event: 3rd August 2021

Going abroad for higher studies is the ambition of most students but most of these ambitions are left undiscovered because of a lack of guidance. MarkUs organized a webinar with Jamboree Education to advise students on how they can target foreign universities and tricks on cracking the competitive exams. New courses offered by top universities, their credibility, and a broad comparison were presented to students which will help them make smarter decisions. The webinar was hosted by the CEO of the company itself and the students felt overwhelmed having a conversation with him.
