**Delhi-110007, India**

**Organized by:**  
DEPARTMENT OF BOTANY  
&  
RESEARCH AND DEVELOPMENT CELL  
Hansraj College, University of Delhi, Delhi, India

**Supported By:**  
NATIONAL MEDICINAL PLANT BOARD  
Ministry Of Ayush, Government Of India

**ABOUT THE COLLEGE**

Hansraj College is one of the largest constituent colleges of the University of Delhi and has been ranked amongst the top five colleges of Science, Arts and Commerce consistently in the last decade. The Faculty has contributed immensely to academics, research and capacity building and endeavours to create a vibrant and dynamic teaching-learning environment. The students are exposed to recent developments in various fields by organizing expert lectures, seminars, conferences and workshops.

**ABOUT THE CONFERENCE**

The aim of the conference is to discuss the research carried out in important and frontier areas related to medicinal plants. The conference is supported by National Medicinal Plants Board (NMPB) Ministry of AYUSH. NMPB, Government of India supports the cultivation, export, and conservation of medicinal plants and coordinates with the Government on all matters relating to Medicinal Plants. As the acceptance of medicinal plants is increasing all over the globe, so are challenges emerging. The extinction of medicinal plants and adulteration of plant products are the major causes of concern. Medicinal plant research needs innovation in cultivation procedures, validating authenticity, isolation and purification of metabolites along with marketing. Experts from frontier areas of research will deliver talks under selected themes. The discussions and recommendations formulated in the conference may help government in prioritizing the areas where research needs to be focused. The conference will also be a platform for all the stakeholders to deliberate on important issues related to medicinal plants and the way forward in the sustainable utilization of these important bioresources.

**Objective:** The conference aimed to discuss the research carried out in important and frontier areas related to medicinal plants.

**Number of Participants = 74**
