

2018 - 2019

Name of the Department/ Society: **Zoological Society**

Name of the Event 2: A Lecture on "Autoimmunity"

Date of the Event: 2/20/2019

The Zoological Society "Srishti Chetna" organized a lecture on 20th February 2019 by Dr. Rahul Pal (Staff Scientist, NII) on "Autoimmunity". He explained: use autoantibodies as an indicator for autoimmunity, types of autoantibodies, directed against many different self-antigens and **some autoantibodies found in most "healthy" individuals**. He also discussed about autoreactive T cells, autoimmune disease: they come from the new types of cancer treatment based on immunotherapy.
