Description:

An insightful and inspiring session, Abhedya'25, was held on 19th March 2025 at the Old Seminar Room, Hansraj College. With his popular YouTube channel focused on concept-driven teaching, he guided students on career choices, competitive exams, and personal growth. Key Insights from the Session:

Aditya Ranjan shared his personal journey, emphasizing the art of skipping difficult questions in exams and the importance of mock tests in preparation. He highlighted that college and 10th-grade marks do not define success, as competitive exams work differently. He gave real-life examples, including a typewriter's son who became an IAS officer, he demonstrated how determination and strategic preparation lead to success. encouraged students to explore different learning sources and choose what suits them best. The session saw an enthusiastic response, with students asking numerous questions about exam strategies, career options, and personal growth. Aditya Ranjan patiently answered each query, offering practical insights. He emphasized:

- Mock tests are crucial for self-evaluation.
- Easy questions are framed to test decision-making skills, not deep subject knowledge.
- Degree should align with interests—following the crowd is not the key to success.
- Real learning begins during job training, not just through academic study.

The event concluded with a heartfelt vote of thanks delivered by Aashi Verma, Vice President of Udaan Society, expressing gratitude to Aditya Ranjan for his valuable insights and guidance. Her words reflected the appreciation of all attendees, who left the session feeling inspired and motivated.
