

**2020-2021**

**Name of the Department/Society: Enactus**

**Name of the Event 4: Plogging Drive- I**

**Date of the Event: 8<sup>th</sup> April, 2021**

A plogging drive was organised by Enactus as an initiative to pick up waste while jogging. This would have a dual benefit- jogging would promote exercise and picking up waste from the roads would help in making the earth clean and green. After doing so, our team gave us positive feedback and discussed that people along the road also appreciated their enthusiasm and dedication.
