**Name of the Department/Society: Women Development Cell**

**Name of the Event 3: What does WOMENHOOD means to us**

**Date of the Event: 07-03-2021**

Women are taught that they are less just because they are women . "You are a women" is a phrase enough to set boundaries for her .They are mocked for not being good at maths ,for not being a good driver and what not . They are mocked because they aren't enough. These all are stereotypes but rooted so strongly in everyone's heart that we are not over it even in the twenty first century. Where women are distinguishing themselves everyday .

Actually the problem is not these stereotypes but women accepting and believing these . These are so well rooted in their heart that they don't even try .

WDC conducted a webinar on the topic “What does Womanhood mean to us?” with honorable Minal Karanwal who is IAS AIR 35 holder. She raised against all odds, fought and distinguished herself. The webinar conducted on 7th March, 2021 on google meet saw an audience of around 100 interacting with the speaker and taking away valuable insights.
