

2021-2022

Name of the Department/Society: **Gender Equality Cell**

Name of the Event 4: MOVIE SCREENING

Date of the Event: 27th April 2022

GEC had a screening of the film “The Half of It”, to explore themes like coming-of-age and fragile emotional connections. The screening itself went on smoothly after which three members from the core took to the audience and had a brief exchange of what they thought about the film. The film was discussed from a gendered perspective and we collectively thought about the plot trajectory, issues of representation and audience reception during the discussion that followed.
