

Enactus Hansraj

About the Society- Enactus Hansraj is a not-for-profit student-run international organization consisting of dedicated and driven new-gen leaders all set to bring out the best solutions to the world's biggest problems through novel entrepreneurial actions, sharing the mutual aim of creating a better and more sustainable world.

Seeking to bring about formidable changes in society, we at Enactus Hansraj, a team of 65 passionate student leaders take the issues that act as a hindrance in the development of our society and intersperse business and philanthropy to aid those in need as well as guide and inspire the deprived through our ingenuity and expertise that we develop over time.

Since its inception in 2012, we have undertaken several projects namely Ahsaas, Aangaan, Mithaas, Armaan and Vriddhi, with an aim to grow more radical with each passing day so as to make the entire human race believe in the ever-burgeoning power of social entrepreneurship. We not only inspire social change but have also actively played a significant role in sensitizing the community.

26.	Riya Dhingra	Technical Head

Report of events organized/participated in the academic year 20-21:

Enactus Hansraj works on social entrepreneurship to carve a more sustainable world for us all. In 2020, the team emerged as National Champions amongst 90 competing teams and reached the Top 4 stage in the World Cup. Continuing this feat, the team has also qualified for the final stages of the Race for Climate Action where our project bagged the second position globally.

Through its 3 running projects – Vriddhi, Ahsaas and Armaan, the society has positively impacted hundreds of lives in the past year. Project Vriddhi established its first stubble-to-biogas plant with Enactus Munich. The team conceptualised an endeavour of introducing a new sustainable product line from crop residue and stubble that was successfully fulfilled by them. Project Ahsaas is working to engage the differently abled in e-bike delivery services and empower them financially. A wide variety of products manufactured by the differently abled were also launched under the project. Project Armaan has launched a unique de-addiction portal for drug addicts across the country, it has now expanded its horizons further and is functioning under the umbrella of mental health as well.

Amidst the pandemic we also engaged in multiple micro-projects, thereby distributing masks, face shields, sanitizers, and cooked meals to 500+ families in partnership with organisations like Zomato Feeding India. We also launched a covid video series in collaboration with social education and liberty foundation to generate awareness.

Staying in tandem with the very spirit of Enactus and impacting a myriad of new communities, we introduced a new department 'Social Innovation' this year. Since its inception the department has done wonders and taken up initiatives like establishing 10+ shelters for stray dogs out of upcycled barrel waste, conducting a plogging drive in the North Campus area, organising a

fun-filled Parents' Day programme for the elderly. This year we also impacted the lives of the 3 unemployed women in Bhilai, Chhattisgarh by generating employment opportunities in the field of stitching and upcycling clothes.

Awards and achievements in the academic year 2020-21

Competition	Position	Year
Enactus National Championship	Winner	2020
