**NAAC ACCREDITED 'A++' GRADE COLLEGE**

**2022-2023**

**Name of the Department/Society: Life Sciences Society**

**Name of the Event: At the tri-junction of fragility and vulnerability, The Andaman and Nicobar story**

**Date of the Event: 14<sup>th</sup> January 2023**

**Speaker: Dr. Pankaj Sekhsaria**

Associate Professor, Centre for Technology Alternatives for Rural Areas (CTARA) & Associate Faculty, Centre for Policy Studies (CPS), IIT-Bombay.

Member, Kalpavriksh Environmental Action Group

Life Sciences Society of Hansraj College, University of Delhi organized a webinar under one-day online event – Ecotone on 14<sup>th</sup> Jan on MS Teams platform at 11.30 am. The event began with welcome of guests by student hosts- Mishthi and Shubham. They started the program with portrayal of Hansraj College and its strong academics and infrastructure followed by description of Life Sciences Society and its functions. Then Teacher-In-Charge, Dr. Kaveri Chakrabarty, formally welcomed the guest, Principal Prof (Dr.) Rama, all teaching faculties and students from different departments in the webinar. Dr Beena Bhandari, Convenor of LifeSciences Society introduced the speaker. Speaker talked about how The Andaman and Nicobar, a unique, complex and ecologically rich island chain have become vulnerable due to recent developmental interventions in the islands-for infrastructure development, defence installations and tourism. Through his presentation, he emphasised for a re-framing and re- understanding of these islands and other such systems as pivoted on three intersecting axes of the geological, the ecological and the socio-cultural, all of which need to be accounted for to ensure development interventions do not increase vulnerability. The talk was an eye opener showing how human interference is destroying a biodiversity rich zone. This was followed by question-answer session from faculties and students. The vote of thanks was given by Dr. Tejveer Singh and the event ended smoothly.
