

2019-2020

Name of the Department/Society: Ordinateur

Name of Event 2: Workshop on Game Development Strategies

Date of the Event: 29.01.2020

The world is no more just necessity centric, it has moved towards the concept of fun, so how could the IT industry lag behind. There's been a boom in the Game Development industry and looking at that, Ordinateur, the computer science society, Hansraj College, organized a workshop on Game Development strategies in association with the leading name in industry, Coding Blocks. The event was conducted in Seminar Room on January 29, 2020 and was evident of a heavy footfall from the game development enthusiasts. The workshop was energetically hosted by the team of Coding Blocks. The session was later followed by certificate distribution by Mr. Suyash Kumar and Mrs. Divya Kwatra and concluded by photo session.
