Description:

On the 7th of November 2025, we visited *Bodhik Vikas Special Abled School in Ashok Vihar* with the purpose of engaging with the students and understanding their experiences. Our visit began around 11:30 a.m. when we were warmly welcomed by the in-charge of the school. The environment of the institution immediately reflected warmth, care, and inclusivity. It was heartening to see the children's cheerful faces and the enthusiasm that filled the atmosphere.

The programme began with *beats of the dhol* that instantly lifted everyone's spirits. The students danced with energy and excitement, and soon, the entire space was filled with joy and laughter. The rhythm and spontaneity of their movements beautifully conveyed their happiness. After the dance, we engaged them in a *series of games* such as musical chairs and passing the ball. Each game was filled with laughter and cheer as the children participated wholeheartedly, celebrating small victories and enjoying every moment together.

Following the games, we *distributed rajma rice* to the students, which they relished. It was a simple yet heartwarming moment to see them enjoy the meal with such satisfaction. After lunch, the fun continued as we interacted with the children more personally. We *played, danced, and even shot short reels* with them, capturing their innocent smiles and lively spirits. Some students proudly showed their artwork and drawings, expressing their creativity and imagination through colours and lines. Their artistic expressions reflected their sensitivity and the nurturing environment the school provides.

We also *conducted an interview* with the in-charge of the school, who shared insights into her journey and motivation behind running such an institution. She spoke with deep compassion about the challenges faced by children with special needs and how education, patience, and love can transform their lives. Her words were truly inspiring and made us reflect on the importance of empathy in education.

During our conversations with the students, we asked them about their dreams and aspirations. Their answers were simple yet profound. Some expressed their wish to become assistant teachers, while others hoped to pursue creative fields. Their determination and confidence, despite challenges, were deeply inspiring.

Towards the end of our visit, we *distributed gift bags* to each student. The bags contained a *T-shirt, a cup, and a few other thoughtful items*. The children received them with wide smiles and gratitude, which made the moment even more special. The joy in their eyes and the warmth of their gestures left a lasting impression on all of us. Overall, the visit to Bodhik Vikas Special Abled School was a deeply moving experience. It offered us a chance to connect with children whose optimism and courage remind us of the real essence of learning and living. The day concluded with hearts full of happiness and gratitude, leaving us inspired by their resilience, innocence, and unyielding spirit.
