**HANSRAJ COLLEGE**
University Of Delhi
NAAC Grade A+ with CGPA 3.62

2020-2021

Name of the Department/Society: Ordinateur
Name of the Event 2: Two-Day Workshop on Cinematography and Infographics
Date of the Event: 3rd - 4th October 2020

Ordinateur organized a Two-Day workshop on Cinematography and Infographics using Adobe Illustrator and Adobe Photoshop CC. Day 1 started with a brief introduction to the event. From there on, Mr. Anuj Kumar Alumnus of Hansraj College took over the webinar as the instructor on Adobe Illustrator and began his illustration on the different types of infographics. To make the session interactive, he was on with his sporadic questions and resolved any query that was raised from the participants' end. On Day 2 Mr. Anuj made everyone aware of how the two software can be used in tandem. The participants were then briefed on Adobe Photoshop CC and its tools. Doubts and queries were addressed yet again. The session turned out to be interactive. To sum it up, the participants had a free-wheeling conversation with Mr. Anuj. The prime objective of this workshop – to equip the participants with relevant designing and editing skills with which they may handle the digital media content in a better way– was achieved.
