Event Description (About 250 Words)

A Research and Project Workshop was organized to enhance students' understanding of research methodology and project preparation. The workshop aimed to develop analytical, critical thinking, and problem-solving skills among participants. Experts and faculty members guided students on selecting relevant research topics, framing research questions, and preparing effective project proposals.

During the session, participants were introduced to various research methods, data collection techniques, and the importance of literature review. The speakers emphasized the ethical aspects of research and proper citation practices to avoid plagiarism. Practical guidance was also provided on structuring research reports and presenting findings effectively.

Interactive activities and discussions allowed students to clarify their doubts and gain hands-on experience in research planning. The workshop encouraged students to explore innovative ideas and apply theoretical knowledge to real-world issues. Overall, the workshop was informative and beneficial, helping students gain
