**NAAC ACCREDITED 'A++' GRADE COLLEGE**

**2022-2023**

**Name of the Department/Society: Srishti Chetna-The Zoological Society**

**Name of the Event: Webinar on "Structural Studies of GPCRs by using Molecular Dynamics Simulations and Docking Analysis"**

**Date of the Event: 20<sup>th</sup> January 2023**

**Speaker: Dr Marlet Martinez  
National Polytech Institute  
Mexico City, Mexico**

Srishti Chetna, the Zoological Society of Hansraj College, organized an International Webinar on "Structural Studies of GPCRs by using Molecular Dynamics Simulations and Docking Analysis" on January 20th, 2023. We invited Dr Marlet Martinez from Mexico as our esteemed guest and the speaker for the webinar. The Event witnessed more than 150 students including faculties from different colleges. The Event was hosted by Ankit Borah, a second year student of B.Sc (Hons) Zoology and General Secretary of Srishti Chetna. The event started with the blessings of goddess Saraswati. A beautifully recorded Saraswati Vandana by Ishita was played. Then Diya Bhatt threw some light on the past events that the society organized. The Teacher-In-Charge of the Department of Zoology, Dr Kaveri Chakrabarty introduced the Society Convenor, Dr Mansi Verma and the Student council. Dr Mansi Verma then introduced the speaker for the session Dr Marlet Martinez. Dr. Marlet Martinez started her talk with the generalities of GPCRs and then the computational techniques that permit the study of GPCRs. It was truly innovative to see the way Madam explained docking and modelling with such simplicity and such contemporary examples. After the completion of her talk, the platform was open for questioning. Many questions were asked to Dr Marlet Martinez by students as well as teachers. After the Question-and-Answer round, President of the Society-Niraj Kumar delivered his vote of thanks and informed the audience about the next day's events- Quiz and Photography Competition. With this, the event organized by Srishti Chetna- Department of Zoology, Hansraj college ended smoothly.
