Description of the event

“Your talent determines what you can do. Your motivation determines how much you are willing to do. Your attitude determine how well you do it.”

The talent search event “Hansraj Got Talent ” hosted by Lumen, Physics and Electronics Society of Hansraj College on March 25, 2023 from 9:30 to 1, was a major success. The event was held in the amphitheatre inside the college. **For all of the students, this was the ideal venue for showcasing and publicising their hidden talents. The event was aimed to stress out the study pressure amongst the students. It came out to be a good event to socialize and interact amongst peers on the topics other than studies. The theme was “All work and no play make jack a dull boy”.**

The event was open to all Hansraj college students, and the program attracted a sizable audience. Students from every department in the college participated in the event and contributed their everything. Huge numbers of people registered for the event, indicating that Hansraj College has no shortage of potential. Students were free to exhibit whatever they desired on the platform, which became open to everyone.

The primary events of the gathering were singing, dancing, musical instrument playing, rapping, and other activities. All of the students contributed to the event and made it possible for them to enjoy a free concert that was full of pleasure and talent, making it incredibly exciting and delightful for everyone.

Every person was given the opportunity to demonstrate their talents in a manner that attracts the audience.

Poetry, instrumental performance, singing, dancing, and other eye-catching performances were among the highlights. Rap was another impressive performance.

All participants and the audience were thanked for their patience and cooperation in making the event a success as the programme came to a close. The event would not be successful without them.
