**WDC UNIT**

**SEMINAR (12<sup>th</sup> February, 2026)**

**Name of Activity:** Seminar on Women in Business & Entrepreneurship.

**Name of Society:** Women's Development cell, Hansraj College

**Date of Activity:** 12<sup>th</sup> February, 2026

**Convenor of Society:** Dr. Apoorva Gupta.

**Student In-charge of the Event:** Unnati

**Description of Activity Conducted:**

Our guest speaker Ms. Shivani Verma, who has 16 years of experience in Business Consulting and nurturing Entrepreneurship, explained to us various pathways to build a startup and what a startup should focus on. She explained the difference between Growth mindset and Fixed Mindset, and how it is important for one to possess growth mindset to succeed in the startup ecosystem. Ms. Shivani explained to us thoroughly the steps necessary to build a startup which includes idea validation, market research, building a minimum viable product (MVP), securing funding, and legal registration. She emphasized on the fact that Successful startups focus on solving specific customer pain points, rapid prototyping, and achieving product-market fit to ensure scalability.

Using real success stories, she quizzed us on identifying the respective successful startup which included Snitch, Koparo, Neeman's and Gali Labs, all of them secured successful funding from the Sharks (Investors) in the popular Indian business reality series Shark Tank India. Then she made us understand the concept of Pain Points and how a startup is built around it, While explaining the example of Urban Clap which targeted the lack of trust, price transparency, and reliability in India's unorganized home services market. The even concluded with a quiz based on the topics covered by Ms. Shivani.
