Rasayanatva had its fest Chemotsav 2019 on 11<sup>th</sup> March 2019 under the annual fest of college, Confluence 2019. The best part of the fest is its preparation time. It gives a chance for seniors to know and bond with their juniors and vice versa. Everyone works together enthusiastically and whole heartedly to have an amazing fest. Strings of colorful flags, test tubes, conical flasks, flowers adorned the whole area of staff canteen. Games like catch the phrase, Gambezzle, Buzz Wire, It's a match and Pictionary kept the crowd intrigued and on their nerves at all times. Everyone enjoyed the games and applauded the creative team whose hard work was evident through out the fest.
