Name of the Event **6: DOG SHELTERS IN DELHI**

Date of the Event: 02/02/2022

To cater the needs of the voiceless and provide them with a home to protect them from the harsh weather. The larger issue, however, is that the animals are severely mistreated. Dogs are pelted with stones and are subjected to acid assaults. To address this situation, Enactus Hansraj took the initiative of providing stray dog shelters. Team members did the ground research and reused discarded plastic containers to build shelters for stray dogs.
