For last many years SPIC MACAY has been conducting community outreach program in various parts of our country, Music in the Park series was initiated with the objective to celebrate our composite heritage, and to bring awareness about a peaceful and clean environment to the people of our country. On the 26<sup>th</sup> and 27<sup>th</sup> of March, 2022, the iconic event 'Music in the park' was held. Several eminent artists graced the occasion and enchanted us with their music. Scores of people thronged the Nehru Park at Chanakyapuri late into the evening to get a glimpse of the grand performances. Students from SPIC MACAY HRC volunteered in the events.

On 26th March The event started as any other Indian tradition, with the reeded Shehnai. The Shankar Brothers, Ashwini and Sanjeev Shankar provided the auspiciousness and sanctity to the concert. It was followed by the Carnatic maestro Sanjay Subhramanyam who with his elaborate arrangements of raagam mesmerized the audience.

On 27th March The event started with Ustad Bahauddin Dagar who plays the rudra veena in the dagarbani style. After this, Pandit Ashwini Bhide-Deshpande, a famous Hindustani classical vocalist from Mumbai showed off her incredible vocal range. The last maestro of the event was the vocalist Pandit Sajjan Mishra. His soulful deep singing in the khyal style of Indian classical music moved many in the audience. The Chief guest of the event, the Minister of Petroleum and gas as well as Housing and Urban affairs, Shri Hardeep Singh Puri, graced the event. It was indeed a transcendental experience for all those who attended the event. It reminded us about the power of music. We all will definitely remember the event as a fond memory in the years to come.
