Event Description (about 250 words)

Haritima, the Environmental Awareness Society of Hansraj College, in collaboration with Srishti Chetna, the Zoological Society, organised an offline event titled "Treasure Hunt: Uncovering the Trails" as part of Wildlife Fiesta. The event was held on 8th October from 1:30PM onwards at the Meal Station, Hansraj College, and was open to students of all DU colleges.

A total of 55 participants took part in the Treasure Hunt, which was based on an environmental theme. Clues related to the environment were hidden across the college campus. The event was conducted in two rounds with total of 19 teams, with the top 10 participants shortlisted in the first round, followed by the selection of the top three winners in the second round, who secured first, second, and third positions, respectively.

The hunt followed a trail of clues, where each solved clue led teams to the next challenge. Participants decoded riddles, completed tasks and raced against time to reach the hidden treasure. The activities tested teamwork, observation and problem solving, while the wildlife-inspired clues strengthened their knowledge of ecology and conservation. Students took part with great enthusiasm, and volunteers from both societies coordinated the stations and ensured smooth conduct. At the end of the hunt, the winning teams were felicitated with prizes.
