Description of the event

Python Workshop details

“Coding is today’s language of creativity; everyone deserves to be a creator instead of consumers of computer science”

Coding continues to be a vital role in defining our future. It is very crucial that everyone learns coding as early as possible. The Python language has gained popularity in recent years in the field of research, coding, script writing etc. This in-turn will prove beneficial towards Research prospects and as entrepreneurial skill in coding industry. That is why LUMEN, the physics and electronics society of Hansraj college decided to conduct this fruitful event of workshop based on python for all the enthusiastic learners out there.

The workshop on Python that Lumen, the Physics and Electronics Society of Hansraj College, organised took place on March 28, 2023. The event was scheduled to begin at 1 pm and was set up at the B block area of Hansraj College. All of the Hansraj College pupils had the chance to participate. The event was sponsored by VedPrep Chem Academy. Due to large number of registrations and participation the event was conducted in two sessions.

Students in big numbers were seen as the audience and they were quite cooperative. There was a strong connection between the speaker and the crowd, and each of them was attentively listening. Students who are interested in coding in big numbers were visible, and the questions segment gave them the chance to ask the speaker any questions they could have.
