

## 2020-2021

**Name of the Department/Society:** **Ordinateur**

**Name of the Event 8:** Webinar on Placement Opportunities in IT

**Date of the Event:** 04-04-2021

We at Ordinateur organized a speaker session on Placements in IT by Mr. Avanish Pandey on 4th April 2021. He is currently acting as Lead Community Manager at Internity Foundation and has been the Operational Head of 3 Hackathons. He has worked with several startups and MNCs like LTI & Sapio Analytics and has also helped more than 100 freshers to get jobs in the Industry.

The speaker covered the basics of competitive programming and the complete procedure of cracking FAANG companies. He cleared the confusion about how much we have to deep dive into a particular topic. He also told about the best resources to learn and practice competitive coding and also shared his inspirational journey. The Q & A session between the speaker and the audience was very electrifying. All types of queries were asked and each one of them was resolved well. Finally, an intuitive session came to an end with a vote of thanks to the reputed speaker, Mr. Avanish Pandey.
