NAAC ACCREDITED 'A++' GRADE COLLEGE

2025-2026

Name of the Event: Water Conservation

Organised by: Enactus, Hansraj College

Date of the Event: 23rd August 2025

Name of Convener(s): Ms. Alka Kacker, Dr. Shailu Singh

Event Description:

Project Nirmal advanced to on-ground implementation through a collaboration with Praha Foundation under its Sarita vertical, which focuses on the rejuvenation of water bodies.

As part of this initiative, the team conducted a river rejuvenation drive at the Yamuna River using bioenzymes, applying the learnings acquired during earlier training sessions. The drive aimed to improve water quality by reducing organic pollutants through eco-friendly and sustainable methods, reinforcing the project's commitment to environmental restoration without reliance on harmful chemicals.

Praha Foundation is an environmental organization actively engaged in river conservation, sustainability initiatives, and community-led ecological action. Their work emphasizes practical and scalable solutions for restoring natural ecosystems while involving local stakeholders in the process.

This initiative highlighted the integration of environmental sustainability with community participation, further strengthening the mission of Project Nirmal to create meaningful ecological impact.
