SPIC MACAY “VIRASAT 2026” Hansraj College Chapter: Heritage Walk

As part of annual flagship initiative **VIRASAT**, the SPIC MACAY Hansraj Chapter organized a Heritage Walk to the historic Hauz Khas Complex on 4th April 2026. The walk aimed to encourage students to connect with India's rich historical and cultural heritage by exploring significant historical sites and understanding their architectural and cultural contexts.

The heritage walk was guided by Ms. Aradhana Sinha, who provided valuable insights into the history and architectural significance of the Hauz Khas Complex, originally developed during the Delhi Sultanate in the 14th century. The site comprises a large water reservoir (hauz), a madrasa, tombs, and other architectural structures that reflect the intellectual and urban planning traditions of medieval Delhi.

One of the central highlights of the walk was the Hauz (water tank), originally constructed during the reign of Alauddin Khilji to supply water to the city. Participants learned that the present structure represents only a fraction of its original size and that it was later restored and expanded under the rule of Firoz Shah Tughlaq. The walk also covered the Madrasa Complex, which once functioned as an important centre for Islamic learning, consisting of classrooms, student hostels, and assembly spaces.

Participants observed several distinctive architectural features, including structures built with Delhi Quartzite stone, geometrical patterns, arches, domes, and columns. The orientation of the western walls towards Mecca highlighted the religious alignment of the buildings. Structural elements such as projected balconies, narrow staircases, and L-shaped layouts demonstrated thoughtful planning and efficient ventilation techniques.

The walk further included a visit to the tomb complex, which houses the tomb of Firoz Shah Tughlaq, the largest in the complex, along with other tombs believed to belong to scholars and teachers associated with the madrasa. The interiors feature geometric designs, star-patterned ceilings, and traces of pastel wall paintings.

This heritage walk provided participants with an enriching opportunity to explore Delhi's medieval past and appreciate how architecture, education, and resource management were closely
