NAAC ACCREDITED 'A++' GRADE COLLEGE

2022-2023

Name of the Department/Society: Srishti Chetna-The Zoological Society

Name of the Event: Darwin's Question Revisited: How and why Species multiply

Date of the Event: 1st February 2023

Speaker: Dr B. Rosemary Grant

**Senior Research Biologist, Emeritus Princeton University,
New Jersey, USA**

Srishti Chetna, the Zoological Society of Hansraj College, organized an International Webinar on MS Teams on February 1st, 2023 for which the distinguished guest speaker was Dr B. Rosemary Grant. Niraj Kumar, the President of Srishti Chetna and a third-year student of BSc. (Hons) Zoology was the host for the event. We started our event by the lamp lighting Ceremony and invoking Goddess Sarasvati with a melodious Sarasvati Vandana sung by third year student, Ishita. It was followed by Teacher-In-Charge of the Zoology Department, Dr Kaveri Chakrabarty introducing the Student Council. Dr Mansi Verma then gave an elaborate description of the guest speaker Dr B. Rosemary Grant. The event then proceeded with Dr Grant explaining things very precisely and accurately. She was very clear in her expressions and the audience was very mesmerized by her research work on Darwin's finches and how she witnessed evolution of species in such a short span. The lecture drew attention of all third year students as they are studying Evolutionary Biology in their VI semester. She made the entire session very interactive and informative. The talk was followed by a question-and-answer session where not only students but also teachers participated with great enthusiasm and inquisitiveness. Later, Dr Dinesh Kumar Gautam, Associate Professor at the Department of Zoology, Hansraj College gave the vote of thanks in which he expressed his sincere gratitude to our guest as well as all the attendees and the event ended smoothly

DR. ROSEMARY GRANT
DEMONSTRATED EVOLUTION IN ACTION AMONGST
DARWIN'S FINCHES & WON THE FRONTIERS OF
KNOWLEDGE AWARD IN THE FIELD OF ECOLOGY

Hailed as a Fellow of the Royal Society,
Rosemary Grant has done
groundbreaking work in the field of
ecology, genetics and genomics. She has
observed natural selection in Darwin's
finches and is the most well-known name
amongst evolutionary biologists.
