**Name of the Event : Farewell**

**Date of the Event : 07.05.2022**

It is hard but you have to say goodbye because to start a new chapter in life you have to end the previous chapter. What we call the beginning is often the end. And to make an end is to make a beginning.

On this arduous note, The Chemistry Department of Hansraj College bid valediction to the batch of 2022 on 7<sup>th</sup> of May, excitingly in offline mode in the College auditorium. As our seniors take a step ahead towards their dreams and shove off the college premises, we hoped to provide them a cluster of memories which would be unforgettable, remaining forever vivid and heart-warming.

From beautiful college life beginning to getting locked in the bars of lockdown for over two years and finally returning back to college with same zeal and enthusiasm as in the beginning, this batch of 2022 has proved themselves as warriors. Saying goodbye to people who once were unknown and now hold a position not less than a family is not an easy task. But as it is the rule of nature that every beginning has an ending. So, with heart and mind filled with mixture of emotions, yet holding a huge smile on our face, we conducted various programs and games such that they can collect memories and relive this event in future. During convocation cap ceremony, when the hats were put on the heads of our dear seniors, that time they were overwhelmed by the feelings of fulfilment and pleasure which was noticeable by the unique shine on their faces. At last, the event was concluded with the announcement of title of Mr farewell which went to Kanhaiya and Miss farewell went to Shreya Kukreja. Moreover, the melodious Song by Satish sir made all the hearts in the room overwhelmed with mixed emotion. We tried our level best to give an enriching and memorable experience to our beloved seniors. We really gonna miss all of them.

As you enter your new life, we chemistry department wish you loads of success, with a cupful of happiness, mountains of achievements and good wishes to live your dream each and every moment.
