NAAC ACCREDITED 'A++' GRADE COLLEGE

On **October 3rd, 2025**, the **Lumen Society** organized yet another activity-packed and interactive program for the 2025–26 term—the **Treasure Hunt**. This was specifically tailored to challenge the participant's wit, observation, and teamwork, thereby intertwining the spirit of adventure and mental exercise in an unforgettable experience.

The treasure hunt witnessed participation from **11 enthusiastic teams**, each determined to outsmart the others and claim victory. The event was anchored energetically by **Akhil** and **Kritika**, who kept the excitement alive and the crowd engaged throughout.

The competition began with the Elimination Rounds, which aimed to select the teams that would qualify for the main competition. Contestants faced an array of challenging tasks—anything from solving puzzles to performing novel tasks such as the Paper Plane Round, wherein precision and teamwork were essential. Even though one team was disqualified in the first round, another was eliminated in the second round, thus narrowing the competition down to **9** ablest and shrewdest teams.

With the final teams in preparation, the Main Treasure Hunt was launched. Five clues were given to each team that guided them to places, and each one acted as the pass key to the next phase of the hunt.

The first four clues differed for each team, hence ensuring fair participation and increased enthusiasm, and the fifth clue was common for all — guiding all participants towards the beginning point, which had the final treasure.

For the purpose of ensuring fairness and systematic tracking, every group was granted a coordinator who would offer guidance and track their progress. Groups could use their cell phones following an allowance of 5 minutes of time once they had obtained the clue in case they experienced difficulty. When the issue was not addressed following 8 minutes, coordinators made positive recommendations for improvement. Participants could also seek guidance from an offline randomly selected individual at any given time during the game, introducing an aspect of suspense and strategic thinking.

During the activity, an atmosphere charged with excitement, humour, and anticipation was prevalent. Joint working, quick mental processing, and determination were observed in the participants, who made the quest both thought-provoking and enjoyable.

The event culminated in exuberant cheers and applause upon the announcement of the winners, subsequently leading to a group photograph that encapsulated the enthusiasm and vibrancy of the occasion. The Treasure Hunt 2025 exemplified the Lumen Society's dedication to fostering creativity, collaboration, and enjoyable learning experiences, thereby establishing another significant milestone in the society's ongoing pursuit of innovation and engagement.
