With enthusiastic participation from over 37 attendees spanning various courses at the college, the session offered a comprehensive breakdown of how to approach a problem statement, develop well-crafted solutions, and the significance of presentation skills in the context of case competitions.

Our team developed a detailed guide based on three winning presentations delivered by IFSA-Hansraj in national-level case competitions. This resource gave attendees the chance to engage in hands-on learning and gain deeper insights into competitive case-solving.

We presented summaries of other competitions like EY Cafta. Additionally, constructive feedback was provided to the attendees on their previously submitted presentations, helping them refine their analytical and presentation skills for future case competitions.
