Description:

The UDAAN team organized a visit to the DMRC Children's Home with the objective of engaging the children in recreational and fun activities. The visit was designed to promote interaction, joy, and active participation through creative games and indulging exercises.

Upon reaching the third floor of the premises, the team got divided into two groups to ensure better coordination and maximum involvement of the children. The first group conducted outdoor-style games such as kabaddi, fostering children to take on teamwork and mindful coordination. They also conducted a balancing activity in which the children were asked to place a book on their heads and walk without dropping it. This activity helped in boosting concentration, posture control, and added a subtle element of fun engagement. Simultaneously, the second group arranged the handkerchief game, which generated enthusiasm and laughter among the children. We witnessed exuberance and charm in the game as well as wide smiles on the faces of children, displaying excitement and team spirit.

Adding to the spirit of sportsmanship, a friendly cricket match was also organized between the children and members of the UDAAN team. The match was conducted in a small tournament format, encouraging teamwork and healthy competition. The

children participated with great enthusiasm, cheering for every run and wicket, which strengthened bonding and created a lively sporting atmosphere.

Following the structured games, balloons were distributed among all the children. This simple gesture spurred up a cheerful atmosphere, and the children participated enthusiastically, playing and interacting freely with one another.

One of the most engaging segments of the visit was the “Passing the Book” activity. In this game, a book was passed around among the children. Whenever the book stopped with a participant, he or she was asked to perform an activity such as singing, dancing, or reciting a poem. Each participating child was rewarded with a chocolate as a token of appreciation. This activity helped build confidence, encouraged self-expression, and ensured inclusivity and fellow feeling in the room. The visit concluded with a vibrant celebration of Holi, as we distributed colours and pichkari among the children for them to make the most out of the day and enjoy the mandatory celebration of the festival. The children and members of the UDAAN team came together to mark the festival of colours in a spirit of unity and joy. With every face smeared with different shades of colour, we commemorated the value of social bond and new beginning. The festival served as a beautiful reminder of the cultural significance of Holi as a festival that symbolizes harmony, renewal, and togetherness. Children along with the whole crew relished the moment of happiness and gathered memories of recreation and joy.
