Name of the Event 4: Webinar : “Practice of Medicine in India”

Date of the Event: 25th September, 2021

Srishti Chetna - The Zoological Society of Hansraj College organized A **Webinar** entitled “**Practice of Medicine in India**” was organized on 25th September, 2021. The session was headed by our esteemed speaker Dr. (Air Commodore) Bhaskar Nandi.

The session was headed by our esteemed speaker Dr. (Air Commodore) Bhaskar Nandi. The webinar focused around what are different liver diseases and how cirrhosis leads to liver cancer and how liver transplantation, liver cancers, luminal and biliary diseases are managed. The side effects of liver transplant patients were also discussed.

The concept of reversing the fibrosis at initial stages which can bring liver back to normal was highlighted in this webinar. The diversity of human micro biome was elaborated with a beautiful map study in a way which was easy to understand. The webinar was followed by the question and answer round where the student participated actively.
