

2020-2021

Name of the Department/Society: **Entrepreneurial Cell**

Name of the Event: Introduction to the Incubation Center

Date of the Event: 28th November 2020

A session was held in the online mode to enlighten the attendees with the knowledge about What is an Incubation Center, familiarize the students about its functions, working, different wings and its need in the present scenario.

It was an extremely fruitful session with a lot of positive derivatives out of it. The session started with our Mentor for the session introducing all the mentees about the basics of entrepreneurship and telling where the need for an Incubation Centre arises from, taking the session further he informed about different big and successful Incubation centers in India. He familiarized the crowd with technical terms like Investors, bootstrapping and so on.

Taking the discussion further the mentor taught the curious crowd about features offered by the incubation centers. He told that “The incubation centers would provide the start - ups with necessary guidance, tech support, infrastructure, access to investors, networking, and facilitating a host of other resources that may be required for the start - up to survive and scale.” The rest of the time he utilized himself on explaining the technical terms, their meanings and giving Layman examples for the same. Before ending the session, the speaker took time and answered all the queries that our young, yet bright mentees had. The session ended at 5:00 PM.

This was overall a seasoned, fruitful and successful session conducted by the students of ‘The Entrepreneurial Cell, Hansraj College’. All the attendees looked content with the quality and smooth conduction of the event.
