NAAC ACCREDITED 'A++' GRADE COLLEGE

2025-26

Name of the Event: AI Innovation Showcase, 2026
Organized by: Ordinateur : The Computer Science Society and Institution's Innovation Council
Date of the Event: 10th February, 2026
Venue: C.S. Lab 2, B-Block, 2nd Floor
Convener: Dr. Vidhi Khanduja
Co-Convener: Dr. Richa Verma

NAAC ACCREDITED 'A++' GRADE COLLEGE

2025-26

Ordinateur: The Computer Science Society of Hansraj College hosted the **AI Innovation Showcase** on **10th February 2026** at **C.S. Lab 2, B-Block, 2nd Floor, Hansraj College**. The event marked the successful culmination of an intensive **AI/ML course** conducted in collaboration with **Brudite**, held from **20th January to 9th February 2026**. The course aimed to equip students with practical knowledge of Artificial Intelligence and Machine Learning through structured learning and hands-on implementation.

Following the completion of the course, students applied their learning to develop innovative AI-based projects, which were presented during the showcase. The event provided a platform for participants to demonstrate how theoretical concepts, when combined with practical exposure, can lead to meaningful and impactful technological solutions.

The showcase featured multiple student teams presenting their projects, including:
- Aura : Your Personalized Journal – Presented by Divya Babbar, 2nd Year
- Minecraft : The Gamified Dashboard – Presented by Meghna, 1st Year
- Fitness Tracker – Presented by Vichakshna, 1st Year
- Workout Tracker and Nutrition Guide – Shruti Singh, 2nd Year

Each project reflected **creativity**, **technical understanding**, and **effective implementation of AI/ML tools and techniques** learned during the course. The presentations showcased innovative approaches to solving real-world problems using data-driven models, automation techniques, and intelligent systems.

The projects were evaluated by **two faculty members**, who judged the teams based on originality, technical depth, feasibility, and presentation skills. The teachers appreciated the efforts of the students, commending the quality of learning outcomes achieved within a short duration of the course. Their encouraging feedback highlighted the significance of structured training and consistent practice in mastering AI technologies.

Conclusion:
The AI Innovation Showcase successfully highlighted the outcomes of the AI/ML course conducted in collaboration with Brudite, reflecting the dedication and creativity of participating students. The appreciation and constructive feedback from the faculty judges further motivated students to continue exploring Artificial Intelligence with confidence and curiosity. The event reaffirmed Ordinateur's commitment to promoting practical learning and innovation within the Hansraj College community.
