Name of Society : Chemical Society-Rasayanatva

Name of the Event : Webinar on “Digital transformation and climate change”

Date of the Event : 09.10.2021

Resource person: Prof. Sanjeev Singh, IIC Delhi

On 9th October, 2021 in collaboration with IQAC, a webinar was organized, by the Department of Chemistry, Hansraj College from 11:00 am onwards, through the online platform Google meet. Dr. Satish Chand (Convenor, Chemical Society) and Dr. Sonu Kumar (Co-ordinator) organised the webinar. The webinar began with the opening remarks of Dr. Satish Chand, Associate Professor, Hansraj College. In this webinar, resource person was Prof. Sanjeev Singh from IIC, Delhi.

Prof. Sanjeev Singh has been in the area of networks, security and communication technologies alongside teaching informatics in M.Sc. courses, for twenty years. His current research areas include IoT based system design and Cyber physical system. He offered his valuable insights on digital transformation and its impacts on climate change in this webinar. He discussed how digital technologies like robotics, the Internet of things (IoT), cloud computing, and others are redefining the world and are continuously changing the way people live and work. He also mentioned how a lot of organisations have digitalized their way of working in order to maximize the operational efficiencies along with accelerating environmental sustainability, incentives and behaviour. He stressed how well-planned initiatives can be taken to build digitalized centres that are more work efficient. He addressed the salient features of digital transformation in communication management like how emails have served to be an easy, fast, economic and eco-friendly alternative to letters. The webinar concluded with an intriguing discussion and questionnaire session and everyone gathered valuable information. In the end, Dr. Sonu Kumar delivered the vote of thanks to the speaker.

Feedback of the session were secured in the feedback form.
