NAAC ACCREDITED 'A++' GRADE COLLEGE

Department of Physics and Electronics, Hansraj College
Event Report-2023-2024

Event name: Seminar on Semiconductor and it's Importance

Date of the event: March 13th, 2024

Time: 10.30 am onwards

Coordinator(s): Dr. Yogesh Kumar, Dr. Nishant Shankhwar

Co-coordinator(s): Dr Maya Verma, Dr. Rangoli Bhatnagar, Dr. Aman Phogat

Programme Mode & Venue: Offline & Innovation Plaza, HRC

Organized by: Hansraj College, University of Delhi

Number of Participants: 87

Description of the event

Students from Hansraj College participated in a virtual session where Prime Minister Shri Narendra Modi laid the foundation stone of India's first semiconductor chip manufacturing unit. During the session, PM Modi also inaugurated three projects worth Rs 1.26 lakh crore, with two located in Gujarat's Dholera and Sanad, and one in Morigaon, Assam. Once fully operational, the Dholera unit will have the capacity to fabricate 5000 semiconductor wafers per day, while the Morigaon and Sanad plants will produce 48 million and 15 million chips per day, respectively. PM Modi hailed this achievement as part of the "INDUSTRY 4.0 Revolution" and stressed the significance of Made in India semiconductor chips in light of the COVID-19 pandemic, highlighting their role in strengthening the global supply chain and supporting the "Atmanirbhar Bharat" mission. He also emphasized that this scientific leap will boost Indian research and create advanced technology jobs for young students. Post-session, Hansraj College students engaged in a positive discussion about the semiconductor industry's significance and its wide-ranging applications. More than 87 participants were there. Overall, event was a grand success.
