Students' Feedback Report (2024-25)

This report presents a comprehensive analysis of the feedback collected from students through the Student Feedback Form for the Academic Year 2024-2025. The primary objective of this exercise is to assess various aspects of the teaching-learning process and institutional facilities, as perceived by the students. A total of 368 students participated in the survey.

The feedback covers the following key areas: (1) Teaching and Learning Quality - syllabus coverage, teacher preparation and communication, teaching methodologies and overall effectiveness; (2) College Facilities - library, canteen, infrastructure, extracurricular activities (ECA), students' societies, and support/welfare systems; and (3) Opportunities for Student Development - internships, field visits, and avenues to learn and grow.

Teaching and Learning Quality

A large majority of students (85.3%) reported that 70% or more of the syllabus was covered in class, reflecting effective academic planning. An encouraging 92.4% of students rated teacher preparation as "Satisfactory" or "Thorough". Teacher communication was similarly well received, with 80.2% of students finding it "Sometimes" or "Always Effective". The overall teaching approach was viewed positively, with 62.5% of students describing it as "Very Good" or "Excellent". The fairness of the internal evaluation process was affirmed by 77.2% of students, and 64.4% agreed or strongly agreed that the overall quality of the teaching-learning process is very good. Use of ICT tools such as projectors and multimedia was reported as frequent (in 70% or more of classes) by 42.1% of students, rising to 64.1% when moderate use is included, pointing to steady digital integration in classroom teaching, with continued scope for wider adoption.

College Facilities

Feedback on college facilities showed clear strengths alongside a few areas identified for continued investment. The Library Facility received strongly positive ratings, with 76.1% of students rating it “Good” or “Very Good”. Security & proctorial services, classrooms, and the seminar room/auditorium were similarly well regarded. The Canteen Facility was rated “Average” or better by 77.7% of students. Extracurricular Activities (ECA) and Students’ Societies received favourable ratings from 35.1% and 50.0% of respondents respectively, with a considerable share of students marking these “Not Applicable”, suggesting scope to widen participation and visibility. As Hansraj is largely a non-residential college, 56.5% of students marked the Hostel Facility as “Not Applicable”.

Opportunities for Student Development

On opportunities for growth, 56.5% of students agreed or strongly agreed that the institution provides multiple opportunities to learn and grow, while 42.9% agreed that the institution actively engages students in monitoring and reviewing the teaching-learning process, with a sizeable share remaining neutral. Regarding internships, student exchange, and field visits, 39.4% of students found the College’s efforts “Often” or “Regularly” evident, rising to 70.4% when responses of “Sometimes” are included — indicating

that structured opportunities reach a majority of students to some extent, with room to make such exposure more consistent.

Graph 4: Student feedback on institutional opportunities for growth

Summary

The institution demonstrated clear strengths in syllabus coverage, teacher preparation, communication, and library facilities. Canteen, ECA, hostel, and student-support facilities have been identified as priority areas for continued improvement, and the College remains committed to expanding structured opportunities for internships and field-based learning.
