

HANSRAJ COLLEGE

EMPLOYERS' FEEDBACK ANALYSIS 2020-2021

A total of 13 organizations participated in the feedback survey. Some relevant questions were raised to determine the experience of these employers in visiting Hansraj College and hiring our students.

Feedback analysis reveals that employers were highly satisfied with the way of the placement process with an average rating of 4.6/5 as well as their experience with the candidates with an average rating of 4.5/5. The respondents faced neither any obstacles in the process nor any communication lag with the placement team. Overall performance of candidates was rated very good by the employers. Further, it is important to note there is no sensible correlation between the employers' rating of their experience with the candidates and their interest in organizing other campus engagement activities.

**CHART 1: How satisfied were you with the way the placement process was carried out?
(On a scale of 1-5, 5 is the maximum score)**

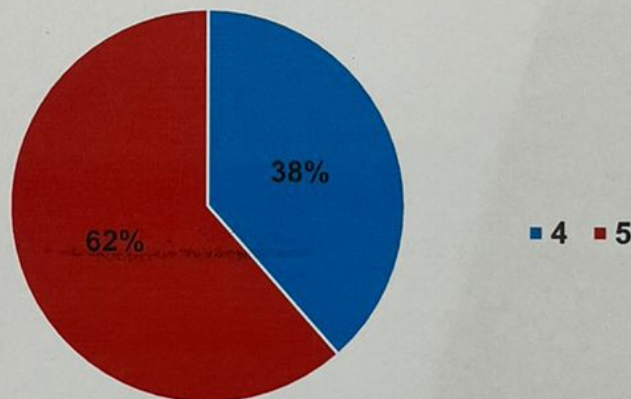

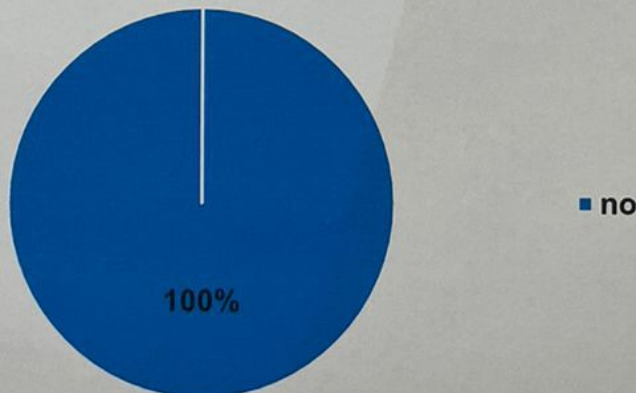

CHART 2: Did you encounter any obstacle at any stage of the process?

Handwritten signatures

CHART 3: How would you rate your experience with the candidates? (On a scale of 1-5, 5 is the maximum score)

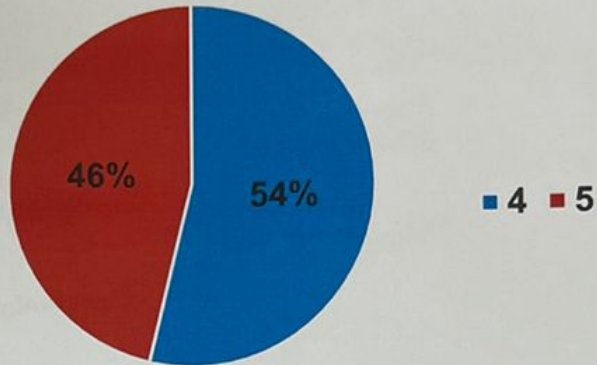

CHART 4: Did you experience any communication lag between your organisation and the placement team?

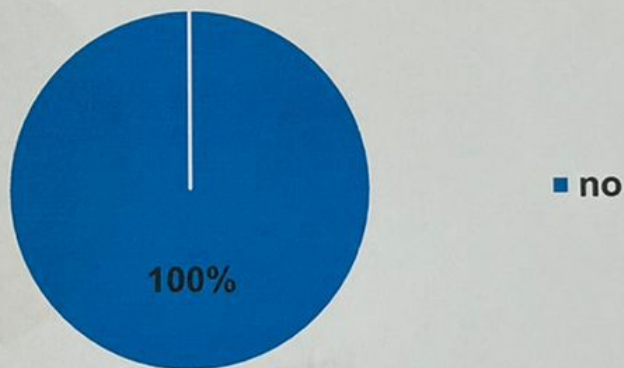

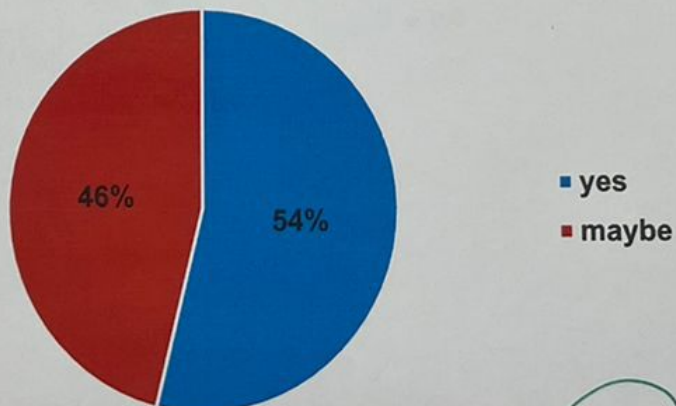

CHART 5: Would your organisation be interested in holding other campus engagement activities (Guest Lectures, Competitions, Internship opportunities, etc.) at Hansraj?
