Event Description

The Career Development Cell and the Entrepreneurial Cell of Hansraj College jointly organized an enriching session under the flagship initiative Startup Adda to bridge the gap between aspiring youth and seasoned industry professionals. Startup Adda is a platform that brings together thought leaders, innovators, and students to exchange ideas and insights on entrepreneurship, leadership, and career building. Mr. Vivek Gaur, Vice President at Colt Technology Services and Country Head & Managing Director for Colt India, graced the event.

A visionary leader with over two decades of experience in the global technology and telecom sector, Mr. Gaur has played a pivotal role in building high-performance teams and driving strategic growth. His leadership philosophy centers around empathy, adaptability, and creating impact through people-first cultures — principles that resonated throughout the session.

The session commenced with a warm welcome and an insightful introduction of the guest speaker, whose professional journey from an entry-level role to top leadership exemplified determination, vision, and continuous learning. Mr. Gaur captivated the audience through a highly engaging interaction, seamlessly blending life experiences with actionable advice. He took up diverse and thought-provoking questions from students, covering topics such as navigating corporate challenges, essential life skills, leadership development, and the realities of entrepreneurship.
