#### Description of the event:

To shed some light on the topical subject of Foreign Scholarships, Research Initiatives and Fellowships, Dr Shibashish Giri, an endogenous stem cell specialist in research and therapy, currently working as a Chief Scientific officer at ASC Reganit Ltd, elaborated on these topics and enlightened students with global opportunities, on the 11<sup>th</sup> of February, 2025, in the Innovation Plaza, Hansraj College.

The seminar started with an introduction to the honourable speaker, followed by a lamp lighting ceremony and Saraswati Vandana.

The talk featured topics of mental health, individuality and self-care tips on how to keep one's liver and mitochondria healthy, for a fully functioning body, among other discussed topics of epigenetic changes and how a lifestyle epigenetic memory box affects heredity in children. He also discussed the topics of prenatal diagnosis by chromosomal microarray analysis. He advised the youth on how negative ions and nitric oxide aid in the release of oxytocin in the

body and can thus keep diseases at bay, besides talking about the importance of discovery of local stem cells in the heart.

He gave the students methods and ideas to start research fellowships in Germany and other foreign countries, and what ideas he would be welcome to, as well as how to get in touch with major Universities and Companies.

In conclusion, he provided students as well as faculty with numerous health tips, techniques to lead a fuller life, as well as opened up the golden gates of opportunity for interested candidates to receive foreign fellowships.
